

Please join us for

May 15 - July 30, 2020 on our website
pittsburghwatercolorsociety.com

Amid the uncertainty presented to us, there is one continuous and comforting fact: artists don't stop making art. As you have seen, Museums and galleries may be closed but online there are "tours" of museums from Google and other sites, free lessons and live streaming demonstrations are all readily available. Taking this as our guide we have created a 75th Anniversary special exhibit through our website.

Opening for your viewing pleasure May 15, 2020 we are presenting New Works in the Time of Corona... A Virtual Exhibit at pittsburghwatercolorsociety.com

This exhibit features new works by PWS Juried members, created March 15 through May 15, during the time of the "Stay in Place" order. Visitors can purchase works directly from the artist, and can vote for "People's Choice Award" via email.

ENJOY the show!
