The first half hour of painting is "make it or break it" time. Learn the importance of value, color temperature, and intensity to spend more time painting and less time mixing.

There will be demonstrations with time for one-on-one instruction during the workshop. Participants may bring their own reference photos, and Chris will have reference photos available to paint. He can also provide the demo image to those who want to draw before the workshop. The emphasis is on value, but participants will also learn how a variety of colors can be obtained with a minimum number of paints.

Supplies List, Description, and Cancellation Policy can be viewed and printed from the PWS website when registering for this event.

PARTICIPANTS MUST ATTEND BOTH SATURDAY AND SUNDAY of the workshop, but Friday evening attendance at the "Meet & Greet" is optional. CDC, state, and local health and safety guidelines will be followed during this in-person workshop.
